

Times Table Challenge

It is expected that by the end of Year 4 all children will be able to recall all of their times tables up to 12x12.

The children have **3 minutes** to answer **50** times table questions. When your child achieves 50/50 they move up to the next level.

It is imperative that your child practises their times tables on a regular (daily) basis to ensure they have quick and accurate recall.
